

TA OD

in Mumbai

Thanks to the persistent efforts of Suchithra Bhaskar the first batch of TA for Organisation Development was started in Mumbai in 2013. The group went on to finish 3 years of training and Suchithra, Surya and Jaipreet from that group have successfully finished the SAATA Diploma. Now the second year of the second batch is underway and the third batch has started just a month ago.

It is interesting to see how trainees apply TA in creative ways in their personal and professional lives in areas like coaching, training, managing teams etc.
